GRIFFIN, Ga.

MONDAY MORNING, JULY 4, 1864.

MORNING EDITION.

The Principles of the Revolution.

Reverence for thesauniversary upon which the

, eiglen?

After changerating the oppressive and unconsisted and income year no public man life bear arrested, and acts of the King of Great Britain, it is not being still to the Union, for the congression of possible amount of the King of Great Britain, it is not being still to the Union, for the congression of possible amount of the King of Great Britain, it is not being still to the Union, for the congression of possible amount of the King of Great Britain, it is not being still to the Union, for the congression of possible that they are also that "these united colonies are, and of right ought to be, free and independent violence in which Enever intelleged, existing and of right ought to be, free and independent to an analysis of the Administration, and decounted the acts and policies of the Administration, and decounted the war, malarataing even the propriety and accounted the war, malarataing oven the propriety and accounted the war, malarataing oven the propriety and accounted the war, malarataing oven the propriety and accounted the state and policies, of the Administration, and decounted the war, malarataing oven the propriety and accounted the state and policies. In two hours they were the Government would recalled and forder. In two hours they were the government would recall and forder. In two hours they were the Government would recall the antique of which were could adopt.

New York, June 25, Gold 210, May York, June 254, advanced to 220, and closing at 2214 and form.

The expects of specie that day were one million.

Status: that they are absolved from all allegiance which war, malarataing oven the propriety and accounted the war and the state of the congression of the propriety and recall and force. The Yan
Ngw York, June 25, Gold 210, May York, June 244, advanced to 220, and closing at 244, advanced to 220, and closing at 244, advanced to 220, a to the British Crown, and that all political connection between them and the State of Great Britain is, and ought to be, totally discolved." It is the flippant between the be

people to "nifer or abolish" such government as should become destructive of the ends for which it was created and to establish a new government, rice, and from all free sources in Europe with carries, and from all free sources in Europe with carries. abundantly condemn the yankers in their attempted to correlon of States which, by solemn act of their convention of the storre Republicans, and still connection with them.

But no such surrender was over made, either by the adoption of the Constitution the holoclaration, or by the adoption of the Constitution was adopted separately by States. The Constitution was adopted separately by States. The great established powers of internal, or local government were expressly reserved to the States, by that instrument, and only such powers delegated, as were separately to carry on intercourse with foreign methods, wage warrand confined foreign and inter-state commercie and intercourse. The States were left in the possession of all the functions of government, and interposition of all the functions of government, and interposition of all the functions of government. the possession of all the functions of government, and its subordinates, or because of want of jurisdieand security, as against the jealousy, cupidity and ambition of foreign potentiates. This was only carrying out the idea of the revolution. They found it necessary in winning their separate State independence, to unite their military strength and resources. So for the future preservation of that separate State independence, that demand it was and prodent to continue the Union, thus guarantite formula in the entit control in the case which nature and according to him to be entitled and according to him to the entit control to be an antition in the case which nature according to the according to the military in the provider to an union in the privilege of correction of the privilege of the privil and predent to continue the Union, thus guaran-

protection against foreign aggression by, the compact of Union.

The Yankees have disrogarded openly every principle here faid down. They deny State rights and assert the overshadowing sepremacy of the Foderal government. They claim and endeavor to exercise the right to course and subjugate States, configurates, and abeliah the right of property, slay, burn, lay waste and destroy, and committallymanner of outrages, indecencies and inhumanities to force thair hated tyranny upon a people, whe are not te past of Union.

States, for the avowed purpose of forcing their un-willing yoke upon them, and of destroying every

their outrages upon independent States by the capture of the two great centres of invasion on the Fourth of July. They will have the hardhood and the shameless hypocrisy to assemble on this day and descrate its memories and dishonor the great patriots who conslered it ever memorable by Men of Ohrol You have already vindicated your 1,500.

first revolution. They are this day re-consecrating them in the toil and blood of their rons—they are re-hallowing them with the proudest proofs of fervent devotion and true loyalty. These principles will issue forth from the smoke and carnage of the The words then smoke and carnage of the The words then smoke and the smok

Mobile Advertiser says that several flags of truce warning to the people. have been passing lately, but their meaning has not been divalged. One left for Memphis June 25th. Report of men Admitted into Hospital at It is said by parties from there that the place could have been taken with two or three regiments at one time since the fight. It is also reported that | Hospital, at this Post to-day, the enemy intend to come out in force to repair the Storgia disaster.

LANGE REVENUES .- The Correspondent of the Mobile Register states that the amount of revenue received last month, May, on the Montgomery and West Point railroad, was \$254,000. He also learns that the revenue of the Virginia and Tennessee railroad, (a good part of which is in the hands of Private II H Carmnels, to A. 13th Tenn. the Yankees) was for the same period of one mouth. Thus J Leach, on L. Perrin's cavalry. over \$400,000.

Gun. Pitaow's Figur at Laraverre, Ga.— The accounts of this affair furnished to the Selma papers would seem now to have exaggerated out-does. They may have come from parties who left the place so badly frightened that they saw double and troble, and imagined the termination of the attack to be much more unfavorable than it really

the States. It is selemily declared in mas great fitting paper, that governments should not be dissolved for "light and trivial causes," but, when they become "destructive of the ends for which they become "destructive of the ends for which they are created," which is the happiness of the govern-ed, it is the right of the people—it is ther duty— exercise to the people—it is their duty— even to the semblance of law, is undoubtedly false. ed, it is the right of the people—it is then dary—
to throw off the yoke by which they are approved,
and to erect new governments for their bester security and happiness.

These are the great underlying principles of the
shart of the independence of the States, upon which
the American colonies justified themselves before
the world, for freeing themselves from an american
dominion, and erecting separate and independent

and the proof of the Administratio

and ought to be, totally dissolved." It is the flippant habit of the yankees to style this day—the
amisersary of "aurional independence." Yet the
Declaration warrants no such language. The calcnies were declared to be "free and independent
States," not an independent nation. States," not an independent nation.

The colonies were united in the revolution of '76, because they were struggling for common rights, against a common foe; not because either of them swer surrendered its separate independence to the others, or dreamed of blending its sovereignty into a National government. And even if is had, the principles upon which the union was formed, the principles upon which the union was formed, the people to "nifer or abolish" such government as null and rous, and of no office. The indignant in realizing an estanglish is such government as null and rous, and of no office. The indignant is nearly afternoon, and proposed to "nifer or abolish" such government as null and rous, and of no office. The indignant is nearly afternoon, and nearly are null and rous, and of no office. The indignant is nearly afternoon. But no such surrender was over made, either by the condulate of that convention (femeral John C

their hated tyramy upon a people, who are not sensating to their gurernment, but are resisting it with all the power that God and nature have given them.

At the present time, they have immense armiss, quartered in the turritories of the Confederate States, to demand, and by my own act to which Lucyon forfeited, but of which for so many months I have been deprived. Wherefore, men of Ohio, I am again to your milest being a Love duties to the quartered in the turritories of the Confederate State, and am here to discharge them; I have I think the willing yoke upon them, and of destroying every
vestige of the institutions which they cherish, and
which they have sworn to uphold.

And yet the Yankees claim to be the true apes
tles of the principles of '76—they even new would
consider it the consumnation of glory to crown

their political inspirations, by proclaiming their loyalty to doctrines which they have disavored in the face of mankind, with acts of perfidy and barbacity which the savages, whom they have driven Administration—an Administration fitly described Into the wilderness, would black to witness.

The people of the Confederate States have not lost sight of, or denied the great principles of the Constitutional rights, by its variations of personal liberty and the liberty of the process and as its will issue forth from the smoke and carrage of the second revolution, haptited in the purest blood of two erax and gathering an immortal vigor from the hands and hearts of those sons, whose amonaters proclaimed and established them.

The world then solden and the append at that time made and now enforced by one year more of faxation and solden, and of blood and he wend read and now enforced by one year more of faxation and solden and debt, and of blood and he fax of the solden and solden and debt, and of blood and he servants and their policy, not by force, but peaceably through their policy, not by force, but peaceably through their policy, not by force, but peaceably through their policy, not or force, but peaceably through their policy, not or only and here required and established them.
